

Parks and Recreation Division

2020 Casper Open Volleyball Tournament

Team Managers,

This year due to COVID-19 each team will need to follow the guidelines provided by the State and our local Health Department. Below is the list of guidelines each player and team will need to follow.

- This proposal meets the current state guidelines for groups of no more than 50. For Adult Volleyball, this is adjusted to provide space for 15 players with 1 official per court.
- No spectators will be allowed in the gym at any time.
- Teams will need to leave the gym immediately after the game is over. Incoming teams should wait to enter the gym once the previous teams have left.
- Teams must maintain social distancing when entering and leaving the facility.
- No congregating outside the gym lobby after the game is completed.
- Each team will be required to hand sanitize before each game, hand sanitizer will be provided for your protection.
- Face coverings are required for staff.
- After each game, the gym supervisor will sanitize each volleyball before the next game starts.
- We recommend that players do not share equipment or personal items with teammates.
- Team meetings must honor the social distancing requirements.

The City of Casper Recreation Division is following the State and Local Health Department requirements. If the requirements are changed, we will implement a new/modified plan for the tournament. We appreciate your understanding and support.
