

# **Designated Home Run Hitter Rule**

## **Optional rule for invitational tournaments**

**Cost \$225.00 per tournament**

**Registration deadline is May 8th**

**Roster must be submitted before team play Saturday morning to site supervisor.**

1. \$225.00 must be paid prior to tournament's first game and designates one player on the roster as DHH. Legal Pickup eligible.  
*(Classification limitations for pickup players in invitational tournaments still apply)*
2. DHRH can change game to game. If player is injured and no longer able to continue play in the tournament, the DHRH may be replaced only with approval of the Tournament Director. An ejection of the DHRH in any game would eliminate the DHRH for the balance of the Tournament.
3. DHH does not count against the teams HR total.
4. If DHH is walked intentionally, 1 home run will be allotted to the team all the way through the line up until the DHH gets his/her turn back up to bat. This HR will not count against the 3 for the team. If the HR isn't used after the walk of the DHH and the team goes all the way through the lineup, it disappears and does not carry over.
5. All revenue produced by the DHRH will be for charitable purposes.
6. Player must be announced to umpire prior to game as well as designated on line up.
7. Umpires will be volunteers with a chance to be entered into a bat raffle each time they umpire a game.
